

## **Assistant Construction Superintendent Sacramento**

Sun Country Builders is a solidly established, forty-year-old general contractor specializing in the construction and renovation of multi-family housing projects. We have developed strong, repeat client relationships, and we're committed to delivering exceptional quality and service to our clients. Our company culture has resulted in our employees tending to have very long careers with the company

We are seeking a full-time assistant construction superintendent for an upcoming project located in Sacramento.

Sun Country works hard to cultivate a culture of employee self-management. Depending on the abilities offered by a candidate, the position will have the potential of increasing responsibility. You should have a desire to work hard, to succeed, and to support your construction team.

### **The ideal candidate will have:**

- Multi-family or general construction experience
- Good oral and written communication skills
- Basic computer skills and the ability to work with Microsoft Word and Excel.
- A team attitude and the ability to get along with, and respect others
- Willingness to pick up tools and get things done when necessary.
- The ability to read construction plans.
- Working outside on an active construction site and in a job site trailer
- Job walks and inspections indoors and outdoors
- May require lifting up to 80 lbs.
- Climbing stairs, kneeling, bending
- Valid drivers' license and a dependable vehicle along with proof of automobile liability insurance.
- US work authorization will be required.

We offer a competitive compensation and benefits package and an excellent supportive work environment. Health/Dental/Life Insurance/Vacation/Paid Sick Time.
